- 
Technology Empowerment
 Empower Inclusivity with Accessible Technology.
- 
Collaborative teamwork
 We believe that the best results are born from the synergy of diverse

Stakeholders for TCC-CIMET

About the Technology Consultancy Centre (TCC), UNESCO Category II Centre (C2C) of Excellence

For over half a century, the Technology Consultancy Centre (TCC) of the Kwame Nkrumah University of Science and Technology (KNUST) has been a beacon of engineering research, advanced manufacturing, technology transfer, and technology entrepreneurship skill training across Africa.
